Student Recommendations
IUPUI America Reads Program

Thank you for taking the time to recommend students to the IUPUI America Reads program. Please recommend students that you believe would benefit most from one-on-one tutoring with an IUPUI Reading Coach. We’d also like to know their availability during school hours for tutoring and any specific concerns or trouble areas related to the individual children. Students are paired with Reading Coaches based on their needs and on their compatibility with our Coaches’ schedules.
