This report captures the many ways faculty and students from the Honors College were involved in CSL programs and curriculum-based community engagement during the 2013-2014 academic year. The report is a summary of information for your school based on campus data gathered through the registrar as well as our own records. Information about the data collection process, how the information is used, and a more complete report for the entire campus is available on our website. The CSL hopes that this information is shared with your faculty and used to support your case as civically engaged school.

Invariably, we have missed information that could be included, and apologize for any omission. Should you have questions or want to discuss how you might use this information for academic or strategic planning purposes, please contact Mary Price, Director of Faculty Development (price6@iupui.edu).

**Service Learning Courses**

Table 1.1 includes the service learning courses the Honors College offered during the 2013-2014 academic year as well as the instructor’s name, number of students enrolled, the average number of hours of service student completed during the semester, followed by the estimated economic impact of service to the community.
